Succeed by Listening – JWA Video

35 minute VHS, Audio Cassette and Workbook

An old philosopher once said: "One mouth, two ears," meaning (we think) that we should listen at least twice as much as we speak. It seems so easy to do and yet it can be oh so difficult. To help in this never-ending battle, JWA/Video has produced *Succeed By Listening* with listening expert Madelyn Burley-Allen.

In this video program, you'll discover the basic principles and techniques needed to become an active listener and better communicator in both your business and personal life. We have all been involved in the "he said, she said" world of communicating. He said this, no she said that, and no one is really sure what anyone said. This video program helps you overcome the listening/language barriers that cause these problems.

You will:

- Develop the skills necessary to become a level one listener (the best!) and understanding communicator
- Learn how to become even more persuasive by just listening correctly
- Learn to handle the tough situations by really understanding what has been said
- Have the confidence needed to solve the difficult problems and react without misunderstanding

Negotiating for Business Results – JWA Video 39 Minute VHS, Audio Cassette and Workbook

- The fundamental elements of negotiations
